

How to get your files (for those new to Winzip). I will assume you are using Windows.

1. Make a new folder on your computer.
2. At my website, right-click on your color.
3. Left-click *open*.
4. Left-click *save*.
5. In the new window, move to your new folder (on your computer).
6. Left-click *save*.
7. At your desktop, double left-click on *My computer* and move to your new folder.
8. Right-click on the file.
9. Left-click on *open with Winzip*.
10. Left-click on *extract*.
11. In the new window, move to your new folder.
12. Left-click on *extract*.
